# THE WORLD OF COMMANDER Mc BRAGG

SICILY, ITALY! MOUNT ETNA, THE  
WORLD'S MOST ACTIVE VOLCANO.  
DID I EVER TELL YOU ABOUT THE  
TIME I QUENCHED ITS FIERY RAGE?

ERM,  
I BELIEVE  
I'M LATE FOR  
LUNCH...

IT WAS A TREACHEROUS CLIMB, BUT I  
WAS IN SEARCH OF THE NEARLY  
EXTINCT *ICEBERGICUS MAXIMUS*  
PLANT WHICH GROWS ONLY AT THE  
MOUTH OF ACTIVE VOLCANOES.

ONCE I LOCATED THE  
ELUSIVE SPROUT, I  
COMMENCED MAKING TEA  
WITH THE HERBS. IT'S  
WELL KNOWN AMONG  
EXPLORERS THAT THIS  
RESULTS IN THE COOLEST  
AND MOST REFRESHING  
BREW ON EARTH.

SUDDENLY THE  
*GREAT MAW* OF  
THE ANGRY BEAST  
OPENED AND IT  
SPEWED FORTH  
SMOKE AND FIRE  
AND DEADLY LAVA  
A THOUSAND FEET  
INTO THE SKY.

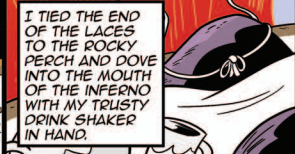

MY WORD! WHAT DID  
YOU DO, COMMANDER?

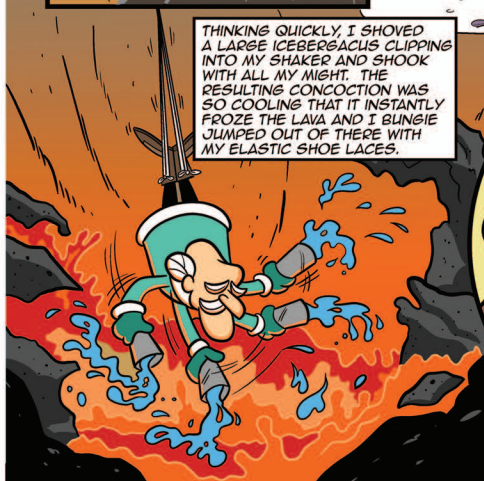

LUCKILY I HAVE EXTRA-LONG  
ELASTIC LACES IN MY HIKING  
BOOTS FOR JUST SUCH AN  
OCCASION.

I TIED THE END  
OF THE LACES  
TO THE ROCKY  
PERCH AND DOVE  
INTO THE MOUTH  
OF THE INFERNO  
WITH MY TRUSTY  
DRINK SHAKER  
IN HAND.

THINKING QUICKLY, I SHOVED  
A LARGE *ICEBERGICUS* CLIPPING  
INTO MY SHAKER AND SHOOK  
WITH ALL MY MIGHT. THE  
RESULTING CONCOCTION WAS  
SO COOLING THAT IT INSTANTLY  
FROZE THE LAVA AND I BUNGIE  
JUMPED OUT OF THERE WITH  
MY ELASTIC SHOE LACES.

WOULD YOU LIKE  
A SPOT OF TEA?

THANK YOU,  
COMMANDER.  
I'D LAVA ONE!

HERMMPH,  
INDEED.
