"WILD ANIMALS"

I'm going to tell the tale
of the

TAILYPO

Once, a hermit was making his way through the woods near his cabin. There hadn't been much game that autumn for him & his dog to eat, & he was getting desperate.

Dinner that night
was to be some
mushrooms &
flowers, nothing
else.

As they made their way to the
blacker part of the forest, suddenly
the hermit saw a dark shape...

It was a sleeping animal, huge, unlike any
the hermit had ever seen before, with long
ears, sharp claws, & a long, thick tail.

Before he could think twice, the hermit brought his hatchet
down onto the animal's tail, severing it & sending the
creature running deeper into the woods.

triumphant, he & his hound returned to
their cabin, making the tail into a
delicious stew.

Well fed, the man slept soundly
for the first time in weeks.

However, something shook him
awake soon enough...
